The Golden Spiral

Sebastian Dean and Mackenzie Sullivan

Abstract

The Golden Spiral is a logarithmic spiral with a certain growth factor. A golden spiral gets wider or further from its origin by a certain amount for every quarter turn it makes.

Introduction to the Pythagorean Theorem

McKailee Bishop

Abstract

In this presentation, we will discuss the life of Pythagoras and the contributions he has made to mathematics. We will also discuss his well known theorem, the Pythagorean Theorem, and how there are literally hundreds of proofs to this theorem.
